Key Features

Acoustic Shield Technology

The BH74 features exceptional voice noise reduction and Yealink voice pick-up technology. With the assistance of Yealink Acoustic Shield Technology 3.0 and four high-quality microphones, the BH74 can filter out environmental noise from various directions. Each of the four microphones individually monitors internal and external sounds, filtering out background noise to capture only your voice.

Hybrid ANC Noise Cancellation

The BH74 features hybrid ANC (Active Noise Cancellation) technology, which combines both feedforward and feedback microphones and processing to eliminate noise frequencies in various scenarios. The snug-fitting design of the ear cups further enhances the overall environmental noise reduction effect. This hybrid ANC technology provides an immersive sound experience, ensuring that you can focus on your tasks without distractions.

Ultra-long Battery Life

The BH74 is designed to provide an exceptional talk time of up to 32 hours and music time of up to 65

hours, ensuring that you can stay connected and engaged for extended periods without worrying about battery life. Superior battery life ensures your all-day usage.

All-day Wearing Comfort

Based on extensive research and analysis, BH74 has been meticulously designed to meet the highest ergonomic standards. Through hundreds of head-form evaluations and thousands of wearing comfort tests, we have ensured that this headset provides optimal support and comfort for extended periods of use. Delivering unparalleled cloud-like comfort.

Compatible with Mainstream UC Platforms

The BH74 is compatible with Zoom, Google Meet, and 100+ other mainstream platforms, so you can stay connected and collaborate effortlessly with your team all day long. The efficient way to work.
