Yealink MTouch Plus-MB Datasheet

MTouch Plus-MB Touch Panel

Yealink MTouch Plus-MB is a specifically designed touch panel with a unique appearance and all-in-one features for MCore-OPS-T/MCore-OPS-G2T, used as a touch console for Yealink MeetingBoard/ MeetingBoard Pro's MTRoW solution. With an 11.6-inch anti-fingerprint and anti-glare IPS large screen, MTouch Plus-MB provides you with a more comfortable control experience during the meeting. It supports content sharing via AirPlay and Miracast, and you can join the meeting with only one-time touch and share your screen anytime. With more deployed methods for MTouch Plus-MB, you can mount it on the wall and lay it flat or fix it on the desktop according to your needs through a cleverly designed expansion bracket. Working with the RoomSensor, it can automatically detect participants entering the meeting room and automatically wake up the whole system, allowing you to experience different meeting room features.

Certified for Microsoft Teams

Key Features and Benefits

- 11.6-inch anti-fingerprint & anti-glare IPS Screen
- 1920 × 1080 Resolution
- Support 10-point multi-touch
- Support AirPlay & Miracast content sharing

- Powerful USB-C cable (Charging for the PC and content sharing)
- Three deployment methods

1080P Narrow Frame Large Screen

The 11.6-inch anti-fingerprint, anti-glare IPS large screen with 1920 x 1080 resolution provides you with a clearer visual effect and a smoother touch control experience.

Support AirPlay & Miracast content sharing

You can share the content via AirPlay or Miracast of MTouch Plus-MB, which significantly shortens the connection distance between your PC and the meeting equipment, and you can enjoy a more stable and convenient content-sharing experience in the meeting room.

Powerful USB-C cable (Charging for the PC and content sharing)

MTouch Plus supports charging devices connected to it through the PD power supply. The USB-C cable not only keeps your laptop powered during meetings, eliminating battery anxiety, but also supports screen sharing.

Specification

Parameter	Description
Display	• Screen Brightness 290 cd/m² • Screen Contrast: 1000 : 1
Port	• 1 MCore Pro Port (VCH Port) • 1 USB 2.0 Type-C Port • 1 USB 2.0 Type-C PD Port • 1 3.5 mm Headset Port • 2 * USB 2.0 Type-A Port • WiFi: IEEE 802.11 a/b/g/n/ac/ax. • Bluetooth: BT 5.2
Package Content	• MTouch Plus-MB Touch Panel • Mounting Bracket • USB Type-C Cable (with HDMI Adapter) • 7.5m Ethernet Cable
Logistic Information	• N.W/CTN: 5.7 kg • G.W/CTN: 6.2 kg • Giftbox: 327 × 105 × 220 mm
Supported OPS Model	• MCore-OPS-T

	• MCore-OPS-G2T
