Key Features

AI Noise Cancellation

Equipped with AI noise reduction technology, the SP92 accurately identifies noise from all directions and filters out background noise from voices, ensuring that your voice is transmitted clearly without interference from surrounding sounds. This creates a smooth and enjoyable calling experience.

Brilliant Audio Quality

Are you still troubled by the issue of unclear voices and blurred speech during meetings? SP92, equipped with a 50mm speaker, ensures clear voice transmission from anywhere. The exclusive virtual bass technology compensates for the lack of bass in small devices, better-balancing music and calling experiences.

Multiple Connection Option

A perfect choice for versatile connectivity options, supporting Bluetooth, wired, and dongle connections. Equipped with a USB-C/A adapter for broad compatibility, the SP92 offers seamless connectivity convenience for all users. The plug-and-play design eliminates complex setups—plug in to automatically power on, simplifying connectivity and enhancing user experience.

Ultra-long Battery Life

The SP92 is designed to provide an exceptional talk time of up to 20 hours and music time of up to 20

hours, ensuring that you can stay connected and engaged for extended periods without worrying about battery life. Superior battery life ensures your all-day usage.
